Alabama Trucking Association
Workers' Compensation Fund Members

Dear Ladies and Gentlemen:

Enclosed you will find a copy of the Summarized Financial Statements of the Alabama Trucking Association Workers' Compensation Fund for the Three months ended March 31, 2019. These financial statements reflect the Fund currently has accumulated total profits, net of distributions, of \$58,220,202 set aside for future retrospective credits to be refunded to active participating Fund members as directed by State Requirements of the Alabama Department of Labor. Since inception of the Fund, the total amount of retrospective credits previously distributed back to participating members is \$97,232,157.

This report includes the overall operations of the Fund which consists of both our Alabama and Cross Border programs. The claims losses reflected in the Consolidated Statement of Income and Deductions includes loss reserves which are required to pay incurred but not reported (IBNR) losses. These IBNR loss reserves are established at levels recommended by the Fund's independent Actuarial firm (Casualty Actuarial Consultants) and approved by the Board of Trustees. Our Actuaries recently completed their midyear loss reserve analysis update as part of our premium contribution rate study report and have adjusted reserves based on the downward development trend of losses over the most recent three years. This trend is the direct result of aggressive and effective claims handling practices and our loss control and risk management practices within the Fund. The combined overall operating profit for the Three months ended March 31, 2019 is \$4,194,229. The Board of Trustees is very pleased to report the ATA Fund continues to grow stronger and generate greater dividends payable back to our member companies.

In closing, we always wish to take the opportunity to remind you that the best approach to curb increases in your company's operating expenses is to strive to maximize your company's emphasis on your claims reporting and handling procedures along with your loss control and risk management practices. Your efforts in these areas will directly increase the bottom line of your company. Please take advantage of the opportunity to contact our team members. Todd Hager, our Director of Claims, will assist you with any claims related questions you may have. Don Anchors, our Director of Safety and Risk Management, as well as our Risk Management Consultants, Michael Smith, Victor Whatley and Candy Woodruff will evaluate your company to develop a risk analysis plan and implement safety procedures and training that can immediately reduce the losses occurring within your company as we have done for many others in the ATA Fund. We encourage you to contact us and take advantage of these resources at no cost to you and remember to always Work Safe / Work Smart.

We hope this information will assist you in evaluating the strength and quality of our program. Our program is designed to assist you in reducing your losses, increasing your driver retention and increasing your bottom line profits.

Respectfully,

Kimble E. Coaker, CPA
CEO and Administrator

Enclosures
